

Product Data Sheet

2T PREMIUM

DESCRIPTION

2T PREMIUM is a premium quality motorcycle oil recommended for Kawasaki, Suzuki and Yamaha motorcycles as well as other two-stroke gasoline engines. 2T PREMIUM is ideal for those pre-mixing the motorcycle oil in the gasoline.

PROPERTIES

- Better engine protection even at its low recommended dosage, assuring longer engine life
- High detergency that keeps pistons, piston rings, cylinder liners, spark plug and exhaust port clean
- Environment-friendly due to cleaner exhaust emissions
- Economical; for every liter of gasoline, only 25 ml of oil is required as compared to the traditional practice of using 50 ml of oil for every liter of gasoline. This means savings due to a 50% reduction in oil usage
- Recommended to users who prefer adding (pre-mixing) the oil to gasoline during tank fill-up; may also be poured into the oil reservoir of motorcycles with an autolube system

(Minor adjustments must be made on the autolube calibration to benefit from the savings of using a 40:1 fuel to oil ratio).

GRADE

- SAE 30

TYPICAL CHARACTERISTICS

Specific Gravity at 15.6 °C	0.8906
Color, ASTM	3.5
Viscosity at 40 °C, cSt	90.8
Viscosity at 100 °C, cSt	10.60
Viscosity Index	99
TBN, mg KOH/g	2.0
Flash Point, COC, °C	238

APPLICATION

- Motorcycles, tricycles, small passenger cars, scooters, lawn mowers, small tractors, chainsaws and other portable equipment powered by two-stroke gasoline engines
- Recommended dosages are:

Fuel (in liters)	2T Premium (in ml)
1 liter	25 ml
2 liters	50 ml
3 liters	75 ml
4 liters	100 ml
5 liters	125 ml

TYPE

- 2-stroke motorcycle oil

QUALITY LEVELS

- API Service TC
- JASO FB+

AVAILABLE PACKAGES

- 200-liter drum
- 18-liter pail
- 24 x 1 liter in carton
- 216 x 50 ml sachet in carton
- 144 x 75 ml sachet in carton
