

Product Data Sheet

2040

DESCRIPTION

2040 is a zinc-free, 20-TBN automotive and railroad diesel engine oil recommended for use in railroad, marine, industrial power and drilling rigs operated on fuels with as high as 1.5% sulfur.

PROPERTIES

- Excellent control of gum, resin and other deposits
- Improved dispersancy and detergency
- Protection against corrosive wear caused by relatively high sulfur content fuels

GRADE

- SAE 40

APPLICATION

- GM-EMD, GE, Caterpillar and other railroad-type diesel engines with silver-alloy bearings requiring a zinc-free, 20 TBN oil

QUALITY LEVEL

- API Service CD

AVAILABLE PACKAGES

- 200-liter drum
- 18-liter pail
