

Product Data Sheet

GEP

DESCRIPTION

GEP is a general purpose, extreme pressure gear oil that provides dependable lubrication performance in passenger cars, trucks, buses, tractors and other vehicles.

PROPERTIES

- Suitable for service top-up of limited slip-axles and for most gear drives
- Primary service station gear oil

GRADE

- SAE 90 and 140

QUALITY LEVELS

- API Service GL-4
- MIL-L-2105

APPLICATIONS

- Manual transmissions, hypoid or spiral-bevel gears, worm gears, limited-slip differentials of highway vehicles and off-highway automotive equipment under severe, moderate or light conditions
- Can also be used in off-highway farm and construction equipment

AVAILABLE PACKAGES

- 200-liter drum
- 18-liter pail
- 6 x 4 liters in carton
- 24 x 1 liter in carton

TYPICAL CHARACTERISTICS

	90	140
Specific Gravity at 15.6°C	0.9042	0.9165
Flash Point, COC, °C	224	234
Color, ASTM	8.0	>8.0
Viscosity at 40°C, cSt	208.2	551.9
Viscosity at 100°C, cSt	17.45	32.99
Viscosity Index	90	91
