

# 2T OUTBOARD OIL

## DESCRIPTION

2T OUTBOARD OIL is an ashless outboard engine oil formulated to meet critical requirements of all water-cooled two-stroke marine engines. Peak performance is ensured even when only 20 ml of oil is used for every liter of fuel.

## APPLICATION

- Protects against failures due to scuffing, ring sticking, port deposits, bearing failures and plug fouling.
- Provides maximum engine protection against rust, corrosion and sludge deposits.
- Mixes easily with fuel for premix applications.
- Excellent low-temperature pumpability for all applications.

## APPLICATION

- 2-Stroke Outboard Engines

## GRADE

- SAE 20

## AQUALITY LEVEL

- TC-W3

## AVAILABLE PACKAGE

- Pail 18L

## TYPICAL CHARACTERISTICS

|                                   |            |
|-----------------------------------|------------|
| Appearance                        | Clear      |
| Color                             | Blue       |
| Specific Gravity at 60°F          | 0.8624     |
| Kinematic Viscosity at 40°C, cSt  | 53.60      |
| Kinematic Viscosity at 100°C, cSt | 8.630      |
| Flash Point, °C (°F)              | 101 (214)  |
| Pour Point, °C (°F)               | - 30 (-22) |
