

CABLELUBE

DESCRIPTION

CABLELUBE is a solvent-cutback, polymer-thickened lubricant designed specifically for the lubrication and preservation of cables.

APPLICATION

- By brush or spray on clean, dry cables

TYPE

- Solvent-cut, oil based cable lubricant and protective coating

PROPERTIES

- Prevents premature seizure and wear of cables
- Protects cables from severe water and dirt contamination
- Contains a solvent that readily evaporates upon application, leaving a thick and tacky film on cable's surface for protection against corrosive environment

AVAILABLE PACKAGE

- 200-liter drum

TYPICAL CHARACTERISTICS

Specific Gravity at 15.6°C	0.8984
Color, ASTM	7.5
Viscosity at 40 °C, cSt	1067
